C. ATHLETE ELIGIBILITY

C.1. Compliance with the Olympic Charter and other relevant rules

All athletes must respect and comply with the provisions of the Olympic Charter currently in force, including but not limited to Rule 41 (Nationality of Competitors) and Rule 43 (World Anti-Doping Code and the Olympic Movement Code on the Prevention of Manipulation of Competitions).

Only those athletes who respect and comply with the Olympic Charter, the World Anti-Doping Code and the Olympic Movement Code on the Prevention of the Manipulation of Competitions, including the conditions of participation established by the IOC, plus the rules of World Archery, may participate in the Olympic Games Paris 2024.

C.2. Additional IF Eligibility Criteria:

To be eligible to participate in the Olympic Games, all athletes, including those receiving Tripartite Commission Invitation Places, must have achieved the following Minimum Qualification Score (MQS) between 1st day of the World Archery Championships 2023 and 28 June 2024 by name at a WA-registered event.

Men	640	70m round
Women	610	70m round

World Archery (“**WA**”) will review the scores of all entered athletes to verify that they have achieved the above-mentioned requirement. The WA Executive Committee will make the final determination on the eligibility to participate in the Olympic Games of any athlete who has not met the MQS at a WA-registered event but can demonstrate adequate proof of reaching the MQS. This process will be completed by 30 June 2024.

D.2. HOST COUNTRY PLACES

The host country will try to obtain qualification places through the qualification system but will automatically qualify three (3) quota places per gender, on the condition that they enter three (3) athletes per gender at the 2023 World Archery Championships.

Should the host country enter only one (1) or two (2) athletes per gender at the 2023 World Archery Championships, they will automatically qualify (1) athlete in the respective gender for the Individual Competitions in case they did not obtain any places through the regular qualification system.

D.3. UNIVERSALITY PLACES

Four (4) Universality places, two (2) per gender are made available to eligible NOCs at the Olympic Games.

On 1 October 2023, the International Olympic Committee (IOC) will invite all eligible NOCs to submit their requests for Universality places. The deadline for NOCs to submit their requests is 15 January 2024. The Tripartite Commission will confirm, in writing, the allocation of Universality Places to the relevant NOCs after the end of the qualification period for the sport concerned.

Detailed information on Universality places is contained in the “Games of the XXXIII Olympiad, Paris 2024 - Olympic Games Universality Places - Allocation Procedure and Regulations” document.

E. CONFIRMATION PROCESS FOR QUOTA PLACES

E.1. CONFIRMATION OF QUOTA PLACES

Priority of events

Since certain NOCs can obtain quota places at the World Championships as well as Continental Games, and given a Continental Games can take place prior to the World Championships, the following order will be respected from highest to lowest in order to allocate the various quota place:

1. World Championships,
2. Continental Games,
3. Continental Qualifiers, and
4. Final Qualifying Tournament
5. World Ranking List.

Quota places obtained at the Asian Games will only be officially allocated after the World Championships to respect the above-mentioned order of priority.

World Archery will publish the results of each event within 1 day after the event on the World Archery website (www.archery.sport) and update a Qualification Place [tracker](#), to illustrate the quota places that have been achieved.

World Archery will confirm in writing to the NOCs within five (5) days after the last day of each event, or ranking, the quota places they have been allocated. The NOCs will then have two (2) weeks to confirm to World Archery if they wish to use these quota places, as detailed in section G. Qualification Timeline.

E.2. CONFIRMATION OF HOST COUNTRY PLACES

The host country must confirm in writing to World Archery by 1st March 2024 the use of its host country places.

F. REALLOCATION OF UNUSED QUOTA PLACES

F.1. REALLOCATION OF UNUSED QUOTA PLACES

If the host country obtained a team place at the WAC, the fourth ranked team at the FTQT will also obtain a quota place.

Any allocated quota places that have not been confirmed by the NOC, by the required quota place confirmation deadline or the NOC has declined the quota place or the athlete obtaining the quota place commits an anti-doping violation, then the following principles will be used for reallocating the quota places:

F.1.1. Before the final individual or team qualification tournament (FIQT/FTQT):

Quota places will be awarded to the next highest ranked eligible athlete/NOC team, to a maximum of eight place for individual and fourth place for team/mixed team in the final results of the respective event in which the quota place was attained.

If the quota place cannot be awarded based on the final event results, where they were attained, the remaining quota places will be allocated at the final individual and team qualification event (FIQT/FTQT).

Note: The FTQT will always be held before the FIQT to ensure that if a team has already attained an individual quota, prior to the FTQT, and then obtains a team quota, that individual place will be first allocated based on the final ranking results list of the FIQT.

F.1.2. After the final individual or team qualification tournament (FIQT/FTQT):

All unused/returned individual, team/mixed team quota places will be reallocated using the respective individual and team/mixed team world ranking list produced by World Archery TBC.

If unused quota places cannot be reallocated according to the principles mentioned above, the remaining quota places will be allocated as additional Universality places.

F.1.3. Refugee Places

The refugee places will be removed if they have not been attained.

F.2. REALLOCATION OF UNUSED HOST COUNTRY PLACES

If the host country does not select a team, or does not enter three (3) athletes per gender at the 2023 World Archery Championships, the three (3) quota places will be reallocated to the NOC of the next highest ranked eligible team at the Final World Team Qualification Tournament (FTQT).

If the host country does not select a team, and decides to only participate in the individual competition, they will be entitled to enter one (1) athlete in the individual competition and, the NOC of the next highest ranked team at the Final Team Qualification Tournament will qualify three (3) quota places and one less quota place will be awarded at the FIQT.

F.3. REALLOCATION OF UNUSED UNIVERSALITY PLACES

If the Tripartite Commission is not able to allocate a Universality place, it will be reallocated to the NOC of the next highest ranked eligible athlete, not yet qualified, on the Archery World Ranking List after the FQT (XX June 2024 TBC).
